

BUSC U-8 ACADEMY PROGRAM

Our goal is to provide the highest quality development program for the most motivated and committed U8 Division IV boys within the Ballistic United Soccer Club.

WHAT IS THE BUSC U8 Academy Program?

Ballistic United is offering a **U8 Academy Program** that will kickoff in early August. The U8 Academy will be under the guidance and leadership of **Andrew Ziemer**, Technical Director of our Division III program and **Tony Chavarria**, Technical Director of our Division IV program.

Program objectives include:

- Create a “soccer contagious environment” which is FUN but teaches proper training habits.
- Provide the highest-level curriculum to develop “technically gifted” players.
- The focus will be on individual players and SKILLS.
- Educate players on what it takes to become successful on the field.

Program highlights include:

- **Players remain with their Division 4 Teams, and play their normal league games** but receive additional training through the Academy program.
- 20, one hour Training Sessions with professional coaches / trainers
- Four “In-house” small-sided play days designed to maximize individual touches on the ball.
- Possible option to participate in the U10 Ballistic Jamboree
- Low cost - \$175.00 dollars per player

If your son loves soccer, please have him join us for a FREE clinic.” After the clinic, Andrew will talk to you about the BUSC Vision on Youth Development as well as answer any questions you have about this new and exciting program.

The free clinic takes place at the Aquatic Park, 4301 Black Avenue on **July 1st, 5:00 pm**. The parent talk with Andrew will immediately follow the clinic.

You can register your players for the U8 Academy program now at www.busc.org or wait until after the clinic to make your decision. Please review the attached flyer and visit www.busc.org for additional information.

Yours in Soccer,
Ed Lecco
Director Division III, Ballistic United Soccer Club
